### Proposed Change of Name

Contango Global Growth Limited (the **Company** or **CQG**) (ASX: CQG) today announces its intention to call a general meeting of members to change its name. The proposed new name is **WCM Global Growth Limited**. WCM Investment Management is the investment adviser in respect of the Company's portfolio and responsible for the Quality Global Growth investment strategy.

The Board and the Company's manager, Contango Asset Management Limited (**CGA**), view the name change as positive in terms of their ability to promote the Company by more closely identifying it with WCM Investment Management. WCM Investment Management has funds under management in excess of A\$35 billion and has a track record of successful active global equities management for over 20 years.

The Company's investment portfolio continues to perform well, with WCM Investment Management generating investment returns of 13.97% after fees on the Company's portfolio in the period since CQG listed in June 2017 to 30 April 2018. The Board considers the change of name, together with the strength of the WCM brand and the strong underlying portfolio performance, to be an important step towards addressing the Company's current share price discount.

The approach also aligns with the strategic shift of CGA to a marketing and distribution platform that promotes best of breed global brands.

If the resolution to change the Company's name is passed, the Company proposes to change its ticker to **WQG**. The Company has reserved the ASX code WQG.

The Company will separately release and provide to shareholders the Notice of Meeting and Explanatory Statement in relation to the resolution to change the name.

Yours faithfully,

Valentina Stojanovska  
**Chairman**
